

weightgaming.com is an online platform with various games and interactive features designed to help you maintain a healthy and positive weight. It has been designed by dietitians and psychologists to help you stay motivated and give you the tools to track your progress as well as find clear plans for what works for your individual needs. Weight Gain Games will help keep you on track with your weight loss efforts, because no single tool can solve all of your problems or deliver instant results. Regular exercise, balanced diet, and not over-indulging in food will still be necessary for achieving the healthy lifestyle that we all want. Finding fun online games improves the quality of life for users looking for a good challenge. You can use weightgaming.com to track your BMI (body mass index) and body fat percentage, which is an essential part for managing your weight. Weight gain game will be there, wherever you are, whenever you need it. Just log on and start playing! The games are designed by dietitians and psychologists to motivate you: winners will receive rewards like medals, prizes or virtual money that they can use to equip their avatar with different clothes or accessories that make them look even better! <http://www.prweb.com/releases/2012/3/prweb9212203.htm> <http://www.winnipegfreepress.com/breakingnews/Online-games-tackling-obesity-in-kids-189298071.html> [http://vrtrogrid.com/grid/viewer.php?page=1226739802146753393&user\\_id=1548889286&community\\_id=0&dapp=1&dapv=1](http://vrtrogrid.com/grid/viewer.php?page=1226739802146753393&user_id=1548889286&community_id=0&dapp=1&dapv=1) <http://www.medicaldaily.com/articles/13615/20120307/obesity-video-gamers.htm> <http://www.prweb.com/releases/2012/3/prweb9212203.htm> <http://www.winnipegfreepress.com/breakingnews/Online-games-tackling-obesity-in-kids-189298071.html> [http://vrtrogrid.com/grid/viewer.php?page=1226739802146753393&user\\_id=1548889286&community\\_id=0&dapp=1&dapv=1](http://vrtrogrid.com/grid/viewer.php?page=1226739802146753393&user_id=1548889286&community_id=0&dapp=1&dapv=1) <http://www.medicaldaily.com/articles/13615/20120307/obesity-video-gamers.htm> <http://www.prweb.com/releases/2012/3/prweb9212203.htm> - According to the American Diabetic Association Inc., more than one of every two Americans (47%) are obese, and the percentage has increased over the last 30 years to more than 50%.
